Bolt ~3 yrs

● Product Design Manager

May 2022 - Present · 2+ yrs

- Led the merchant experience product design team (3)
- Developed and maintained the Bolt design system for all of our products
- Guided the tech org through a successful rebrand
- Refactored the entire merchant experience surface and empowered cross-pillar product teams to quickly and confidently launch 5 new products.

● Senior Product Designer

Sep 2021 - Jun 2022 · 10 mos

I built a self-service onboarding and integration flow for our checkout product within several partner cart platforms. Reduced onboarding time from weeks to minutes. Led to sign up of several hundred merchants after launch.

Jumio 1 yr 1 mo

● Product Design Manager

Nov 2020 - Sep 2021 · 11 mos

I led a small product design team and I was responsible for initiatives across several AML, IDV, and other compliance products. Developed and maintained the Jumio design system.

● Senior Product Designer

Sep 2020 - Nov 2021 · 3 mos

Transitioned the Beam product into the Jumio ecosystem after the acquisition.

Beam Solutions

Product Designer

Jul 2019 - Sep 2020 · 1 yr 3 mos

I was the first design hire at this early-stage startup where I redesigned the early MVP and fleshed out the AML/Compliance product which helped increase our client base, revenue, and ultimately led to a successful acquisition.

Sherpa Digital Media 4 yrs 9 mos

Product Design Lead

Apr 2017 - Jun 2019 · 2 yrs 3 mos

I led the effort to design a next-gen enterprise video streaming platform. I was responsible for the concept, design, and execution of robust tools for video professionals. I collaborated closely with both product and engineering teams, advocating for great design at every step of the product development process.

Product Designer

May 2015 - Apr 2017 · 2 yrs

I laid the groundwork for the design of the Sherpa Stream product, working through several phases of prototypes and MVP's, eventually leading up to our 1.0 launch. Eventually, I helped scale our product to an enterprise-grade video streaming platform.

During this phase, I also helped several customers improve the user experience of their custom streaming video implementations:

- I helped Grand Central Cruises improve their public facing video marketing experiences, increasing engagement with their video content and ultimately driving more conversions.
- I led the effort in designing an internal video sharing portal for Barclays.

Creative Director

Oct 2014 - May 2015 · 8 mos

I produced and delivered engaging digital experiences for a range of clients such as SAP, Disney, Apple, EHealth, Intel, Nutanix, Trinet, and Anomali. My work included producing motion graphics explainer videos, designing marketing websites, and directing live streaming events.

Pre Product Design

Video Production and Motion Graphics

2008 - 2014 · 8 yrs

Before I started my career in product design, I worked as a video producer and motion graphics designer. I led a global production team at Franklin Templeton Investments, and worked with Saatchi & Saatchi producing motion graphics for clients such as Microsoft, Proctor & Gamble, GE Capital Bank, Toyota
